

# Samplers

Portable or for wall mounting

Sampling in wastewater treatment plants or process technology is of crucial importance to guarantee comparability and comply with legal and operational requirements. The first work step to determine chemical, physical or biological parameters is the sampling process - no matter if portable or wall mounted.

#### Fields of application:

- Sewage Treatment
- Municipal Sewerage Systems
- Water Protection Control

# Portable samplers

The portable sampling in good hands. The lightweight design of the **PB-M** and the handy housing guarantee a unique comfort. A carefree sampling process is assured by a modern operation and the highly accurate vacuum pump.

PB-M

The portable sampler **PB 25 S** with a peristaltic pump system and an integrated battery is available for fractionated samples to 12 x 1 l or 24 x 0.5 l with a rotary distributor. The PB 25 S convinces with a compact housing and a possibility for small dosing volumes.

PB 25 S

- Time, volume, event proportional or manual
- Vacuum or peristaltic pump system
- Low weight

## Ordering Information

Model	Description	Order No.
<b>PB-M-S/1</b>	Version with 1 x 13 l collection container (PE)	503250
<b>PB-M-L/R24</b>	Version with 24 x 1 l sample bottles (PE)	503280
<b>PB 25 S</b>	Version with 12 x 1 l sample bottles (PE)	000103
<b>PB 25 S/24</b>	Version with 24 x 0.5 l sample bottles (PE)	000105

For technical data please see datasheet D5.01, D5.02

Alternatives and accessories see brochure "Product Details" and website

# Sampler for wall mounting

With its large and easily changeable collection containers, the **PB-W** is ideal for simple applications. The compact and lightweight housing assures fast mounting. Let's get ready for standardized sampling.

PB-W

- Quickly changeable collection containers
- Clear operating structure and simple programming
- Standard-compliant sampling

## Ordering Information

Model	Description	Order No.
<b>PB-W/230V</b>	Compact sampler 230 V (50/60 Hz) for wall mounting	503200
<b>PB-W/115V</b>	Compact sampler 115 V (50/60 Hz) for wall mounting	503201

For technical data please see datasheet D5.03

Alternatives and accessories see brochure "Product Details" and website
